Please join ACI NE Ohio Chapter along with ODOT and Walsh Construction on **Thursday, October 17, 2019** for a tour of the I-480 Valley Belt Bridge. You will be able to have a close up look of the steel pylons construction from beneath the bridge as well as a above look at the bridge deck.

Starting in the Spring of 2018, Walsh Construction began building a new bridge between the two existing bridges. The Valley View bridges are well-traveled. ODOT said that more than 180,000 vehicles, a day, will pass over the bridges during peak travel times. To maintain traffic, the department said a new bridge will be built between the two existing bridges.

In spring 2019, steel erection for the new bridge is underway. All four lanes, going both east and west, have been shifted right to accommodate construction equipment. Traffic will remain in this configuration until 2020.

1.0 Continuing Professional Development hour (CPD) offered for this presentation.

Schedule for October 17th Tour:

- ❑ 5pm – 6pm: First tour departs (limited to 70 people and proper PPE is required)*
- ❑ 6pm – 7pm: Second tour departs (limited to 70 people and proper PPE is required)*

Dinner and drinks will be available in Quaker Steak & Lube from 5:45pm – 8pm

* More information will follow regarding site tour attire and meeting location. **Plan to arrive 15 minutes ahead of tour start time.**
