

# ODOT Specification Updates and QC/QA Best Practices

by Northeast Ohio ACI Chapter

Northeast Ohio ACI Chapter

**UPCOMING FREE WEBINAR**

**WHEN**

Thursday, January 28, 2021  
12:00 PM to 1:00 PM

**REGISTRATION**

**REGISTER NOW**

**Presentation Abstract:**

Ohio specifications are updated on a quarterly basis and at times things may not be shared in a timely manner. As these items change and evolve over time, it is beneficial to provide an update to the industries as to the respective changes to the items. This talk will provide an update to concrete related specifications and then provide guidance as to the best practices for QC/QA on an ODOT jobsite.

The ACI NE Ohio Chapter invites you to join us on **January 28, 2021** in welcoming Mr. Dan Miller, **Cement and Concrete Engineer, ODOT Office of Materials Management**

Mr. Miller, PE is the current Cement and Concrete Engineer for ODOT since March of 2014. A native of the Cleveland area and graduate of Cleveland State University, he obtained both his bachelor's and master's degrees in Civil Engineering. Previously, he worked at NCDOT for 6 years. Outside of ODOT, Dan is the chairman for the National Concrete Consortium, and also chairs AASHTO Technical Subcommittee 4a – Rigid Drainage Structures.

**All are welcome!** Please forward this on to anyone you think might be interested.

A **Certificate of Professional Development** will be provided for this meeting. You can request a CPD certificate during registration.

**REGISTER NOW**

Please register as early as possible. Please direct any questions to Brooke Hayden ([secretary@neohioaci.org](mailto:secretary@neohioaci.org)).
